

crates.io crate count by year

Source: crates.io DB dump, 2026-10-05T02:00:33.083576Z. Includes deleted crates when reconstructing Jan 1 active counts.
2026 is partial through the dump timestamp.

Active crates at Jan 1

New crates created in each year

Counting rule: crates.created_at plus deleted_crates.created_at; active_at_jan1 subtracts crates deleted before that date.
